The most simple and fair administration (and mandatory for the EBT) is keeping priority lists throughout the duration of a tournament, in which case the text can be "Squad lists with priority numbers 1-NN"

14.06 Order of bookings

The most simple and fair method (and mandatory for the EBT) is the first-come-first-served and therefore just present the text "First-come-first-served"

14.07 Booking added

It must be specified what happens when a booking is added. We recommend the following text "The booking is given a priority number, which is one higher than the highest priority number in the previous list"

14.08 Booking removed

It must be specified what happens when a booking is cancelled. We recommend the following text "All priority numbers, which are higher than the priority number of the cancelled booking, is reduced by one"

15. Tournament schedule

If filled in, then a complete tournament schedule including all qualification squads and final stages must be presented. A standardized squad calculation is 3 hours for squads with 4 players per pair of lanes and 4.5 hours for squads with 6 players per pair of lanes, in both situations the dressing time must be added (half an hour for centres of 16 lanes or less and 1 hour for bigger centres)
